

BIOTRACE EYE HEALTH ULTRA

\$70.80 inc GST

PRODUCT SUMMARY

BioTrace Eye Health Ultra is a synergistic herbal formula designed to provide antioxidant support for eye health. It contains Lutein and Zeaxanthin along with a blend of scientifically researched herbs in a vegan capsule with no toxic excipients.

MORE INFORMATION

Lutein and Zeaxanthin are carotenoid pigments that are powerful antioxidants. In a healthy eye, the retina and macula will contain high levels of these carotenoids where they provide protection for the eye against free radical damage and oxidative stress.

Studies have shown that Blackcurrant extract may support vision and eye health. Eyebright contains flavonoids which support healthy cornea cells.

Bilberry is high in antioxidants which may be protective against oxidative stress.

Ginkgo has been shown to support blood flow to the brain and exhibit antioxidant activity which may support visual acuity.

Grape Seed Extract contains proanthocyanidins which have been shown to exhibit antioxidant activity to protect the eye from oxidative damage.

BioTrace Eye Health Ultra is manufactured in a GMP (Good Manufacturing Practice) certified plant and is an excipient free product.

- BioTrace Eye Health Ultra supports normal vision
- Natural herb-sourced carotenoids help to maintain a healthy retina
 - Zeaxanthin & Lutein for eye support
