

## BIOTRACE PROBIOTIC ORAL REFRESH - ARCTIC MINT

**\$38.30 inc GST**

### PRODUCT SUMMARY

BioTrace Probiotic Oral Refresh is a mouth freshener you can swallow that transforms your mouth into a healthy environment for good bacteria. It comes in a delicious, refreshing and natural mint flavour.

### MORE INFORMATION

An overgrowth of unfavourable bacteria in the mouth can affect dental, throat and ear health and cause halitosis (bad breath).

Probiotic Oral Refresh contains a strain of bacteria, *Streptococcus salivarius* (*S. salivarius*), that may support the equilibrium of the oral cavity, including the gums, throat and upper respiratory tract.

Scientific research consistently shows that introducing *S. salivarius* to the oral cavity may support dental hygiene and a healthy mouth.

Probiotic Oral Refresh contains natural oils that promote the adhesion of *S. salivarius* to the teeth and gum surfaces. Once the probiotic adheres in the warm moist environment of the mouth, it flourishes in numbers creating a lasting effect. You will experience a clean mouth feel like never before!

Probiotic Oral Refresh is made with Non-GMO ingredients and is Gluten and Alcohol Free.

- A unique and delicious probiotic mouth freshener you can swallow
- Contains the scientifically proven *Streptococcus salivarius* bacteria to support dental hygiene and a healthy mouth
- May support mouth, throat and upper respiratory tract health
  - Non-GMO, Gluten Free & Alcohol Free

**5** out of 5

Follow up on my review above. I no longer have oral issues thanks to this product but started to get sinus infections once my oral health improved. Doctor put me on antibiotics and antibiotics cream but it kept returning. I dipped a cotton wool bud in this product and rolled around my nostril. For the first time in months, I could breathe. I did this twice and my nose infection completely cleared, never to return. Honestly an amazing product.

**5** out of 5

I've been having oral problems for the last 12 months. Glossitis is on the tongue and a white coating on my tongue. No matter what I tried, I couldn't get it to stay away for good. As soon as I started using this product, everything immediately improved and continues to do so. I no longer stress or worry about my oral health and everything is looking healthier than ever. Great product. Would recommend to anyone and everyone.
