

BIOTRACE ELEMENTAL ZINC

\$31.70 inc GST

PRODUCT SUMMARY

BioTrace Elemental Zinc is a concentrated liquid dietary supplement that provides Zinc, a trace element, in ionic form - a form thought to be more readily absorbed by the body.

MORE INFORMATION

Elemental Zinc also contains concentrated mineral drops (CMD), naturally sourced from The Dead Sea in Jordan, providing up to 72 trace elements that may be missing from the diet.

Zinc is an essential element that may support normal growth and development, reproduction, immunity, vision, digestion, detoxification, metabolism, and hair, skin and nail health.

Zinc aids the absorption of Vitamin A which may support a healthy immune system, healthy skin and good vision.

Zinc is an important cofactor for adequate stomach acid levels and may also support normal intestinal flora populations.

Zinc is most concentrated in the prostate gland and may support male reproductive organ health.

Our BioTrace Liquid Elemental range provides affordable, flexible dosage options of many essential minerals.

- Bio-available, liquid Zinc concentrate with up to 72 naturally occurring trace elements
- May support normal growth and development, reproduction, immunity, vision, digestion, detoxification, metabolism, and hair, skin and nail health
