

PRL HAWAIIAN RED SEASONING SALT

\$94.40 inc GST

PRODUCT SUMMARY

Experience the synergistic blend of nature's finest botanically infused sea salt with Hawaiian Red Seasoning Salt – the ultimate culinary companion for a healthier, flavorful life.

MORE INFORMATION

Hawaiian Red Seasoning Salt is more than just a salt—it's a functional food powerhouse. Each $\frac{1}{4}$ teaspoon of our organically and sustainably sourced, botanically infused sea salt delivers eight essential, bioavailable B vitamins, vitamin D3, vitamin K, antioxidant nutrients (A, C, and E), bioactive minerals (zinc, selenium, chromium), and over 39 crucial trace minerals.

Hawaiian Red Seasoning Salt is a premium quality formula combining pure, untreated Hawaiian Alaea clay pink salt with an exclusive organic Plant Matrix. This unique blend comprises whole foods and nutrient-dense botanicals, fortifying health with every culinary creation.

Acquiring its diverse array of essential trace minerals from its ancient volcanic source, Hawaiian Alaea red clay-derived pink salt offers a perfect balance of flavor and health benefits. The Orgavitaz® Plant Matrix blend is sustainably crafted on an organically certified farm committed to regenerative agriculture practices, capturing and retaining the nutrient vitality of whole foods and botanicals in every harvest.

Worried that your kids aren’t eating enough fruits and vegetables? This dynamic formulation infuses each grain with potent botanicals, enhancing the nutritional profile of the pink salt and delivering a unique taste experience the whole family will enjoy.

Hawaiian Red Seasoning Salt is non-GMO, gluten-free, vegan-friendly, and free from artificial additives. Each batch is carefully tested to ensure it is free of adulterants, heavy metals, and contaminants, including microplastics.

Utilizing a proprietary process called OPTICALLY CLEAN®, each grain of Hawaiian Alaea red sea salt is examined to remove unwanted foreign materials, leaving only pure, unadulterated sea salt. Hawaiian Red Seasoning Salt meets and exceeds the highest food industry standards for quality and purity.

Choose Hawaiian Red Seasoning Salt for a healthier, sustainably sourced alternative to table salt, free from potentially harmful "anti-clumping" agents, and screened for heavy metals.
