

PRL INFLAMMACIDIN

\$102.80 inc GST

PRODUCT SUMMARY

At 15 million PU of total protease activity, Inflammacin offers a high potency, 100% plant based proteolytic enzyme formula clinically designed to target gastrointestinal health and healthy inflammatory response without unwanted side effects.

MORE INFORMATION

Research demonstrates that high proteolytic activity, as found in Inflammacin, acts as an essential modulator in supporting healthy inflammatory response, specific to the breakdown of proteins. Thus, high proteolytic activity may promote healthy platelet function and also support joint comfort.

- 100% plant-based enzyme formula with supporting botanicals
 - Supports premier digestive and gastrointestinal health*
 - Features bromelain, papain and actinidin enzymes
- Bromelain may help support healthy platelet function and healthy inflammatory response to normal wear and tear*
- Total Protease Activity: 15 million Papain Units/serving
